Program Begins

Featured Program

Dr. Andrew Shepherd and Dr. Ronald Storm of the Sinclair National UAS Training and Certification Center will provide an overview of the college's unmanned aerial systems program and a review of past, present, and future topics related to the UAS industry.

The Wrights' 1903 Christmas Dinner

The meal was celebrated at brother Lorin's house. All were excited to hear about the successful first flight on Dec. 17, 1903.

The Menu Will Feature

German Coleslaw
Sliced Turkey Breast with Sage Stuffing
Or Vegetarian Dinner
Turkey Gravy, Cranberry Sauce
Yukon Gold Whipped Potatoes
Green Beans
Spice Cake and Tapioca Pudding
Assorted Rolls and Beverages

Speakers

Dr. Andrew Shepherd is the director for the Sinclair National UAS Training and Certification Center. His experience extends to the defense industry and academia, focusing on modeling and simulation research, course development, accreditation, instruction and mentorship.

Dr. Ronald Storm has worked on the technical and business side of manned and unmanned systems for the past 15 years. He is an adjunct professor at Sinclair, instructing on a variety of topics from basic understanding of UAS to aviation law and privacy.

Directions

The Sinclair National UAS Training and Certification Center is located in Building 13 on the campus of Sinclair Community College.

The building sits on the corner of West 5th Street and Perry Street in downtown Dayton.

Parking is available in Lot K, located directly behind Building 13 off of Perry Street. The UAS Indoor Flying Pavilion (Building 18) is located at the far end of the lot on the left side.
