

LIVING HISTORY FILM SERIES

Sponsored by

Celebrate Women in History Month

March 12th 4 p.m.

Adam White and Kara Martinelle have blended the excitement of flying in the 2014 race with the courage and innovation of the first Powder Puff Derby. Combining photographs and footage from the first race with what Kara filmed herself during the 2014 Women's Air Race this film comes alive on the screen.

Louise Thaden, winner of the first race

Dr. Terry von Thaden, Louise's granddaughter, along with 2014 Race Team members, Lin Caywood and Susan Beall will join the film makers to share their personal insight and take your questions after the film.
