

Aviation Trail, Inc.
*As long as men fly . . . wherever they journey through space . . . their flights began in Dayton, Ohio, **The Birthplace of Aviation.***

Aviation Trail, Inc. was formed as a not-for-profit corporation in 1981 to use Dayton's aviation heritage to market the region, a heritage that began with the invention of the airplane by Wilbur and Orville Wright in 1903 and continues on to today's aerospace projects of the future now under development at Wright-Patterson Air Force Base.

Originally envisioned as a marketing effort, the group's first project was the development of a tourist Aviation Trail consisting of 10 aviation related sites laid out as a self-guided tour in a brochure published in 1981. When research for the brochure uncovered two little-known original Wright brothers' buildings still standing next to each other on their original sites in Dayton's West Side, the group's mission soon expanded to include preservation projects as well.

Under the expanded mission, Aviation Trail, Inc. acquired the two historic Wright brothers' buildings, known as the Hoover Block (site #1a) and the Wright Cycle Company (site #1c), and turning the property into a Wright brothers' museum complex. Furthermore, their eventual goal was to also restore the surrounding deteriorating neighborhood to the way it was when Wilbur and Orville Wright lived and worked and invented the airplane there.

Today, Wright-Dunbar Village is the realization of that dream, helped along by several organizations attracted to the "dream" after Aviation Trail, Inc. uncovered the historic buildings. The restorations continued in 1992 when the Dayton Aviation Heritage National Historical Park was established. The National Park Service now operates the Wright-Dunbar Interpretive Center and Aviation Trail Visitor Center in partnership with Aviation Trail.

www.aviationtrailinc.org

1a. Wright-Dunbar Interpretive Center & Aviation Trail Visitor Center

16 South Williams Street • Dayton, OH 45402

(937) 225-7705 • *Enter through the Aviation Trail Visitor Center*

<https://www.aviationtrailinc.org/visitorcenter>

and www.nps.gov/daav

Required Wilbear Site

The Wright-Dunbar Interpretive Center is located in the Hoover Block building part of this complex. The Aviation Trail Visitor Center is in the Aviation Trail building. Wilbur and Orville Wright had a job printing

business in a second floor corner suite of the building from 1890 - 1895. One of their printing clients was Paul Laurence Dunbar, a former classmate of Orville Wright, and later an internationally known black poet. The name of the interpretive center reflects this special relationship. The exhibits tell about the lives of the three men and about the West Side neighborhood in which the building is located. The Hoover Block/Wright-Dunbar Interpretive Center is a unit of Dayton Aviation Heritage National Historical Park.

1b. Aviation Trail Parachute Museum

16 South Williams Street • Dayton, OH 45402

(937) 225-7705

www.aviationtrailinc.org/parachute-museum

Enter through the Aviation Trail Visitor Center

The Aviation Trail Parachute Museum is located on the second floor of the Aviation Trail Visitor Center. The Museum tells the story of the development of the free fall parachute from its invention at Dayton's McCook Field after World War I, up to the vital role it plays in safely landing today's spacecraft.

The time line around the soffit of the exhibit space highlights significant events in the history of the parachute. The Museum also includes interactive exhibits, artifacts, historic photographs and text. The museum maintains what is considered one of the most comprehensive private parachute collections in the world, with research materials permanently housed at Wright State University Libraries Special Collections and Archives.

1c. The Wright Cycle Company

16 South Williams Street • Dayton, OH 45402

(937) 225-7705 • www.nps.gov/daav

Adjacent to the Aviation Trail Visitor Center.

This building is one of only two original Wright brothers' buildings still standing at their original locations in the West Side neighborhood where Wilbur and Orville lived, worked and invented the airplane. The other is the nearby Hoover Block building (Site 1a). The building was saved from demolition by Aviation Trail, Inc. before it was acquired by the National Park Service after the Dayton Aviation Heritage National Historical Park was created in 1992. The Wright brothers occupied the building from 1895 to 1897, manufacturing bicycles on the first floor and operating a job printing business on the second floor. During this period, Wilbur and Orville also took their first steps on the road to inventing the airplane, their Flyer I, in 1903.

2. Paul Laurence Dunbar House Historic Site

Dayton Aviation Heritage National Historical Park

219 North Paul Laurence Dunbar St. • Dayton, OH 45402 • (937) 225-7705

<https://www.ohiohistory.org/visit/museum-and-site-locator/paul-laurence-dunbar-house>

email: daav_info@nps.gov

Explore the life, times and creativity of an author and poet laureate at the vanguard of African American literature by visiting the restored home where Paul Laurence Dunbar lived his last years.

Dunbar lived his last years.

3a. Wright Brothers Memorial

2380 Memorial Road

Wright-Patterson Air Force Base, Ohio 45433

(937) 425-0008 • www.nps.gov/daav

The memorial is located at the top of Wright Brothers Hill, overlooking the Huffman Prairie Flying Field where Wilbur and Orville conducted tests of their early flying machines in 1904 and 1905 and where the Wright School of Aviation operated a flying school from 1910 to 1916. A plaque on the stone wall surrounding the plaza around the Memorial lists the names of the 119 pilots trained at Huffman Prairie.

3b. Huffman Prairie Flying Field Interpretive Center

2380 Memorial Road • Wright-Patterson Air Force Base, Ohio 45433

(937) 425-0008 • www.nps.gov/daav

The Interpretive Center's exhibits focus on the Wright brothers' experimental flights at Huffman Prairie Flying Field in 1904 and 1905, and on The Wright Company's flying school at Huffman Prairie from 1910 to 1916.

The Interpretive Center also covers the history of Wright-Patterson Air Force Base from its beginnings at McCook Field in Dayton during World War I, up to its contributions to the aerospace projects of the future.

3c. Huffman Prairie Flying Field

Gate 16A off Route 444 • Wright-Patterson Air Force Base, Ohio 45433

(937) 425-0008 • www.nps.gov/daav

After their historic first flights at Kitty Hawk, North Carolina, on December 17, 1903, the Wright brothers continued the development of their invention at Huffman Prairie field in 1904 and 1905. Later, the Wright Company operated a flying school at Huffman Prairie from 1910 to 1916. Today, the field remains much as it was when Wilbur and Orville Wright flew their experimental airplanes over Torrence Huffman's pasture.

4. Carillon Historical Park

1000 Carillon Blvd. • Dayton, Ohio 45409 • (937) 293-2841

www.daytonhistory.org

\$ entrance fee

Among the attractions at this unique, 65-acre outdoor museum is the original 1905 Wright Flyer III, the world's first practical airplane. The Flyer III, housed in Wright Hall, was restored under the personal direction of Orville Wright. Wright Hall is flanked by the Wilbur and Orville Wright Wings and is connected to a replica of the bicycle shop in which the Wright brothers built their 1903 airplane. These buildings comprise the **John W. Berry, Sr. Wright Brothers National Museum at Carillon Historical Park**, a privately owned and operated unit of Dayton Aviation Heritage National Historical Park.

5. National Museum of the United States Air Force™

1100 Spaatz St. • Dayton, OH 45433 • (937) 255-3286

www.nationalmuseum.af.mil

The world's largest military aviation museum features more than 360 aerospace vehicles and missiles from the beginnings of military flight to today's stealth technology. Thousands of personal artifacts, photographs and documents further highlight the people and events that comprise the Air Force storyline. Tour the 19 acres of indoor exhibit space and see noteworthy aircraft such as the only permanent public exhibit of a B-2 stealth bomber, and the B-17 Memphis Belle™, one of the most recognizable symbols of World War II, and board the space shuttle exhibit and four of nine presidential aircraft. While at the museum you can ride a flight simulator, enjoy a 3D movie, eat in one of the two cafés, and shop in the museum store. Open 9 a.m. - 5 p.m. daily. Free admission and free parking.

6. National Aviation Hall of Fame

P.O. Box 31096 • Dayton, Ohio 45437 • (937) 256-0944

1100 Spaatz St, Dayton, OH 45433 • www.nationalaviation.org

The Hall of Fame is co-mingled with the National Museum of the United States Air Force (Site 5). The National Aviation Hall of Fame has been adding up to five inductees each year since 1962. The exhibits in the Learning and Research Center tell the story of the history of American aviation with the emphasis on the aviation pioneers who made major contributions to its development. The Harry B. Combs Research Center includes a wall with the portraits of each of the enshrined, as well as interactive access to information about each of the individuals. Other attractions include interactive exhibits and displays organized around the theme of notable eras in the history of aviation in the United States.

7. Hawthorn Hill

(Tours provided by Carillon Historical Park)

www.daytonhistory.org

\$ entrance fee

Wednesdays and Saturdays by advance, prepaid reservation

Experience the Oakwood mansion that Orville Wright called home for nearly 35 years. The home of the man who invented flight and changed the world is available for educational tours.

Tours are by

8. Woodland Cemetery and Arboretum

118 Woodland Avenue • Dayton, Ohio 45409 • (937) 228-3221

www.woodlandcemetery.org

Wilbur and Orville Wright, their parents Milton and Susan, and their sister Katharine are buried in the Wright family lot in Section 101. Their friend, poet Paul Laurence Dunbar, and his mother Matilda, are buried nearby in the same section. Lorin Wright, brother to Wilbur and Orville, and his family are also located at Woodland in Section 122 in a lot near the pond. The Lookout, the highest natural point in the city, provides a panoramic view of downtown Dayton. Download our mobile app for self-guided tours and maps showing the locations of the graves of prominent Daytonians.

9. Wright "B" Flyer

Dayton-Wright Brothers Airport

10550 Springboro Pike (Rt. 741)

Miamisburg, Ohio 45342

(937) 885-2327

www.wright-b-flyer.org

<https://www.facebook.com/WrightBFlyer/>

The Wright "B" Flyer is a flyable look-alike of the world's first mass-produced airplane, manufactured in The Wright Company factory in Dayton from 1910 to 1911. The look alike was built by a group of local aviation enthusiasts and the airplane is housed in a hangar that is similar to the Wright brothers' 1910 hangar at Huffman Prairie Flying Field.

10. Wright State University

3640 Colonel Glenn Highway • Dayton, Ohio 45435

Special Collections and Archives, Paul Laurence Dunbar Library

(937) 775-2092

<https://www.libraries.wright.edu/special/>

Wright State University, named for Wilbur and Orville Wright, is home to the world's largest Wright brothers' manuscript collection. Housed in Special Collections and Archives, it includes the Wrights' own technical and personal library, family papers, letters, diaries, financial records, genealogical files, awards, certificates, medals, albums, recordings, and technical drawings, as well as over 4,000 photographs documenting the invention of the airplane and the lives of the Wright Family. The Archives also holds over 400 additional aviation history collections. A full scale replica of the Wrights' 1903 Flyer hangs in the library atrium and selected items from the collections are on exhibit in the Archives' Reading Room.

Start your tour at one of the four Wilbear Headquarters* where staff is available to get you started with site information and travel directions. Starting points are indicated with an orange asterisk.

Wilbear sites are indicated with a picture of Wilbear. Site #1a is a required Wilbear Site.

11. Historic WACO Field and Airplane Museum

1865 S. County Rd. 25A • Troy, Ohio 45373 • (937) 335-9226

www.wacoairmuseum.org

The WACO airfield is a working airfield reminiscent of the grass airfields of the 1930s and 1940s, the approximate era (mid-1920s to World War II) during which the airplanes built at the

WACO factory in Troy dominated the civilian airplane market. The WACO Airplane Museum includes aircraft, artifacts, historic photographs and other exhibits related to the WACO Aircraft Company and the aircraft it produced. In addition to the museum, the airfield buildings also house a Learning Center, vintage aircraft restoration area, reference library and gift shop. Also, one section of the airfield is available for radio-controlled model airplane flying throughout the year.

\$ entrance fee

12. Armstrong Air & Space Museum

500 Apollo Dr. • Wapakoneta, Ohio 45895 • (419) 738-8811

www.armstrongmuseum.org

\$ entrance fee

Opened on July 20, 1972, the Armstrong Air & Space Museum chronicles Ohio's contributions to the history of aeronautics and spaceflight. Located in the historic hometown of Neil Armstrong, the first person to step foot on the Moon, the museum is also home to a number of world-class artifacts including the original Gemini VIII spacecraft, two of Armstrong's NASA spacesuits, and an Apollo 11 Moon rock. Not a static museum, but features numerous interactive exhibits and other audio/visual elements. Be sure to check out the Astro-Theater, where visitors can watch a 25-minute documentary on the Apollo 11 Moon landing.

13. Champaign Aviation Museum (CAM)

1652 N. Main St.. • Urbana, Ohio 43078 • 937-652-4710

www.ChampaignAviationMuseum.org • Open Tuesday - Saturday 10 am - 4 pm

Free Admission, Donations Appreciated

With a reputation as a center of excellence for the restoration and maintenance of World War II era aircraft, CAM honors our Veterans and their families while educating the public about the experiences of past generations that flew in combat. CAM offers visitors a rare,

hands-on opportunity to learn about aviation history and to engage with Museum volunteers as they restore the B-17 *Champaign Lady Flying Fortress*. Additional aircraft at CAM include an operational B-25 *Champaign Gal*, F-24 Fairchild, Stinson 10A, and C-1A *Mudflap Girl*, and on static display a C-47 Skytrain, A-26 Invader, and Beechcraft Model 18.

14. Grimes Flying Lab

1636 N. Main St.. • Urbana, Ohio 43078

<https://n8640e.wixsite.com/grimesflyinglab>

or www.facebook.com/GrimesFlyingLab

Located at Grimes Field in Urbana, the "lab" is a Beech 18 that served the U.S. Air Forces as a C-45 and was modified to a C-45H as a test bed for aircraft nighttime lighting systems. The aircraft was a valuable tool for engineers who worked for Warren G. Grimes, the father of aircraft lighting, before and during World War II to advance developments for safer flight at night. Grimes produced his first airplane lights in his garage in 1933 and by World War II his company had grown to produce lighting for military aviation. Besides memorabilia from Grimes' life and Grimes Manufacturing Co., historical and modern aircraft lighting products are displayed.

15. Tri-State Warbird Museum

4021 Borman Dr. • Batavia, Ohio 45103 • (513) 735-4500

www.tri-statewarbirdmuseum.org

\$ entrance fee

The Tri-State Warbird Museum was formed in 2003 with a commitment to preserve the aircraft of World War II, educate visitors on America's role in WWII, and to honor the veterans who fought and those who made the ultimate sacrifice. Originally constructed as a 12,000 sq. foot hangar and 5,000 sq. foot museum display space at the Clermont County Airport, the Tri-State Warbird Museum was completed and opened to the public in 2004. Over 1.5 million people have toured the facility and/or seen the restored aircraft gracing the skies at airshows around the country. In 2011, through a generous donation, an additional 12,000 sq. foot hangar and storage/shop space was added. This has a "Bomber Hangar" with space to display the aircraft and provide a wonderful educational tour. Continuing to grow, the Tri-State Warbird Museum aircraft collection now consists of nine significant WWII aircraft with additional acquisitions planned for the future. The museum seeks to play a significant role in the education of American history to our local young generation.

16. Butler County Warbirds, Inc.

Headquartered at Middletown Regional Airport

2351 Wedekind Drive. • Middletown, Ohio 45042

(513) 702-3062 • <http://www.bcwarbirds.com>

Butler County Warbirds Inc., a not-for-profit corporation, was formed for the purpose of educating and entertaining individuals of all ages on the historical importance of aviation while America was at war, and to celebrate our heroes through the preservation of their aircraft and memorabilia as we share their stories.

We're located at the Middletown Regional Airport. The museum display is open to the public on Saturday and Sunday 10 AM - 5 PM and admission is free. Flight experiences can be reserved in our '43 Fairchild PT-19 Trainer. Experience flight in this historic WWII aircraft which trained many of the WWII aces and bomber pilots of the 1940s. Reservations or additional information can be obtained via email: tim@bcwarbirds.com, or telephone (513) 702-3062.

17. Sinclair National UAS Training and Certification Center

Sinclair College • 444 West Third Street • Dayton, Ohio 45402

(937) 512-4900 • uascenter@sinclair.edu

<https://uas.sinclair.edu/>

Located on the Sinclair College Dayton Campus in Building 13, the Sinclair National UAS Training and Certification Center and Aviation Technology facilities lead the nation in Unmanned Aerial Systems (UAS) and traditional aviation training and education, applied research and development, consulting, and STEM outreach. The site's Wilbear stamp and additional information about the facility and programs are available at a kiosk located in the first-floor lobby and free parking is available in Lot K off Perry Street. Visitors can complete a self-guided tour of the glass-walled facility during normal college hours, which are posted on the primary college website at www.sinclair.edu.

Aviation Trail, Inc.

A non-profit corporation in partnership with the National Park Service to promote aviation heritage in the Dayton region

Aviation Trail, Inc. • 16 South Williams Street, Dayton, Ohio 45402
(937) 225-7705 • avtrailinc@gmail.com

PO Box 633, Wright Brothers Branch, Dayton, OH 45409

www.aviationtrailinc.org

We thank the following organizations for their support.

National Park Service

The park is a cooperative effort between the National Park Service and five partners, which include: Dayton History, the Ohio Historical Society, Aviation Trail, Inc., the Wright Family Foundation, and Wright-Patterson Air Force Base.

National Aviation Heritage Alliance

The National Aviation Heritage Alliance (NAHA) is a private, not-for-profit corporation operating as the management entity of the Congressionally designated National Aviation Heritage Area, one of 49 national heritage areas in the United States. NAHA's vision is for Dayton to become the recognized global center of aviation heritage and premier destination for aviation heritage tourism, sustaining the legacy of the Wright brothers. The National Aviation Heritage Area encompasses an eight county area (Montgomery, Greene, Miami, Clark, Warren, Champaign, Shelby, and Auglaize counties).

Aviation Trail Gift Shop

Aviation Trail products are in stock at the Dayton History Carillon Historical Park Museum Store and online store.

All transactions will be purchased from, processed by, and fulfilled by Dayton History, and can either be shipped to the purchaser or held for pick-up at Carillon Historical Park Museum Store at 1000 Carillon Historical Park, Dayton, OH 45409, (937) 293-2841. The products are in stock at the Carillon Historical Park Museum Store. (Transactions are subject to Dayton History policies and terms).

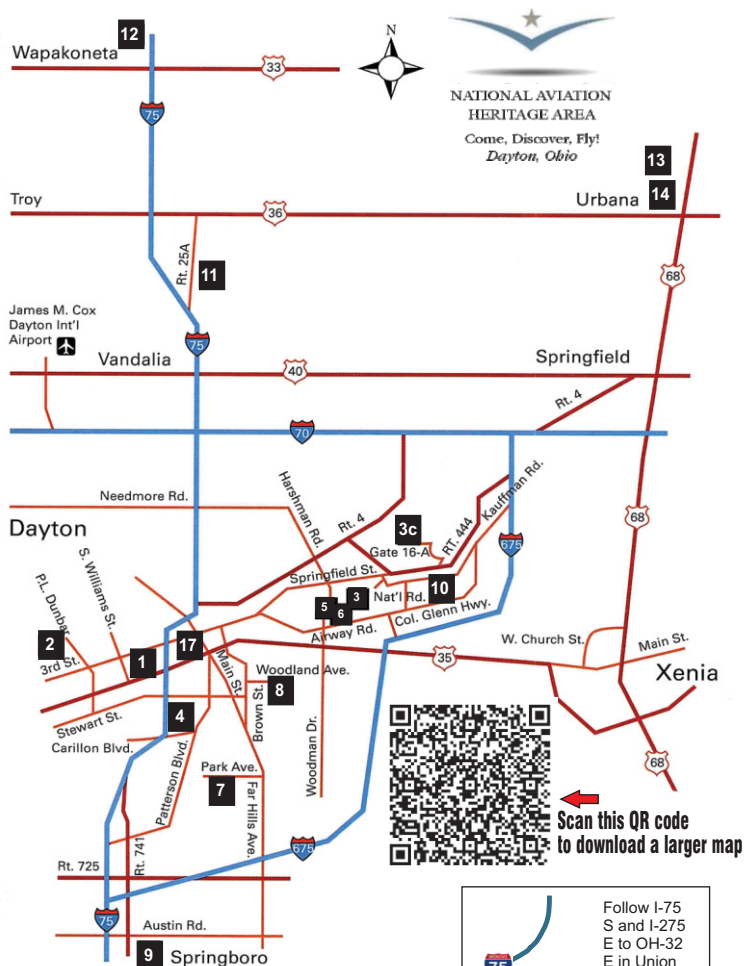

See the GIFT SHOP menu item on the Aviation Trail website at: <https://www.aviationtrailinc.org/> or scan the QR code above to go to the Gift Shop page.

Gift items include: T-Shirts, Tumblers, Caps, Lapel Pins, Magnets, & Art Prints.

Coming Soon: A new updated version of the Aviation Trail "Field Guide to Flight" book.

Aviation Trail Site Map

The Dayton Aviation Trail described in this brochure is a self-guided tour of selected, aviation-related sites open to the public. The 17 sites are located in eight geographic areas around Dayton and nearby towns: five areas in Dayton, four areas in east suburbs, two in south suburbs and additional sites in Troy, Urbana, Wapakoneta, Batavia, and Middletown (see map). The majority of the sites have some sort of relationship to Wilbur and Orville Wright, inventors of the airplane. Later aspects of the area's aviation heritage also are represented.

See inside pages of brochure for descriptions and contact information of these numbered locations.

Check websites of individual sites for daily visiting hours.

Wilbear Wright® Program

Hi, I'm Wilbear Wright®

Welcome to the Aviation Trail!

Program Rules

Visit **8** of the 17 Aviation Trail sites and receive a "Wilbear Wright®" teddy bear FREE!

- One **required** site: Site **#1a** - Wright-Dunbar Interpretive Center
- One passport brochure stamp per person per site visit
- Passport form must be filled out completely (mailing and email address)
- One free "Wilbear Wright®" teddy bear per person

To claim your bear **in person**:

Take the completed Passport (**8 stamps minimum**) to any of the following distribution sites:

- **Site #4** Dayton History (Carillon Park)
- **Site #9** Wright "B" Flyer
- **Site #11** WACO Air Museum
- **Site #12** Armstrong Air & Space Museum
- **Site #13** Champaign Aviation Museum
- **Site #15** Tri-State Warbird Museum
- **Site #16** Butler County Warbirds

Note: Please check the Aviation Trail website "Trail Sites" page for any status changes on distribution sites and other Wilbear announcements. (Scan QR code at right).

To receive your bear by U.S. Postal Service:

Send **completed Passport** and a **\$7.50 check** for shipping and handling to:
Aviation Trail, Inc. • PO Box 633 • Wright Brothers Branch • Dayton, OH 45409
(Allow 2-3 weeks for delivery)

- Starting points are indicated with an orange asterisk on site listings.**
- Start your tour at one of the four Wilbear Headquarters where staff is available to get you started with site information and travel directions.
 - The **Wright-Dunbar Interpretive Center (Site #1a)** is **required** to qualify for a Wilbear.

Tour a minimum of eight of the 17 amazing aviation sites listed in this brochure. Receive a stamp at the one **required site***, **Wright-Dunbar Interpretive Center**, plus a minimum of seven of the remaining sites to qualify. Only one passport accepted per visitor. *Offer good while supplies last.*
